

LITERACY VOLUNTEERS WEBSITE ACCESSIBILITY

We want our website to be as accessible to visitors and as such have included some tips you might find useful.

Windows page size

hold down the CTRL key and at the same time scroll your mouse to increase or decrease the viewed page to the size you like .

Another way to do this is to use the ZOOM option from the browser features menu

Windows system accessibility for Microsoft Edge

Under windows menu bottom lhs

Choose Settings, you can change the system setup

In Windows 10 it is called Ease of Use

In Windows 11 it is called Accessibility

Chrome browser accessibility

Use the drop down menu top rhs

Choose settings

it offers Appearance for font and text size

and Accessibility for extensions via web store

Internet search

Using google or youtube enter the browser you use and

add "accessibility" in the search e.g. chrome accessibility

Chrome offers helpful extensions via its web store

NVDA (Non Visual Desktop Access)

This a screen reading program converting text into speech.

Although they ask for donations you can download for free.
